

CALCULATING MAXIMUM ALLOWABLE LOGO / BRANDING AREA UNDER THE COMMERCIAL VEHICLES SECTION OF OUR COVENANTS:

- Rushbrooke South Section II.X. as revised by First Amendment
- Rushbrooke North 1-6 Section II.X. as revised by Second Amendment
- Rushbrooke North 7-8 Section II.X. as revised by Second Amendment

Measurements should be made in feet, rounded to the nearest whole number. Hood and front grill areas are excluded. The 20% Maximum Allowable Logo/Branding Area may be split across multiple vehicle areas. For example, the vehicle may have 10% logo/branding area on the driver-side door, and 10% on the passenger-side door, but the total may not exceed 20%.

TRUCKS AND CARS:

$$\begin{aligned}
 & 2 \times (\text{Engine Width} \times \text{Height}) \quad \underline{\hspace{2cm}} \\
 & + 2 \times (\text{Cab Width} \times \text{Height including windows}) \quad \underline{\hspace{2cm}} \\
 & + 2 \times (\text{Truck Bed Side Panel* Width} \times \text{Truck Lift* Height}) \quad \underline{\hspace{2cm}} \\
 & \quad + (\text{Truck Lift Width} \times \text{Height}) \quad \underline{\hspace{2cm}} \\
 & \times 0.2 = 20\% \text{ MAXIMUM TOTAL ALLOWABLE} \\
 & \text{LOGO / BRANDING AREA IN SQUARE FEET} \quad \underline{\hspace{2cm}}
 \end{aligned}$$

*For cars, replace the Truck Bed Side Panel Width and Truck Lift Height with Back Vehicle Side Panel Width and Trunk Height.
